Subject: information regarding PT surveys
Attachments: PT survey comments 021508.doc

Hi,
Over the past couple of weeks, I've received two questions from several Laboratory Supervisors. I would like to share my responses with everyone, as others may have the same questions. If you have additional questions about PT testing, we can answer them during the QI meeting that will be held on Friday, Feb. 22, 9-10:30 am in room 133.

Please read the attachment.

Thanks,
Peggy DiNatale
